etching the conformal layer directionally until the conformal layer is removed in a source/drain area of the fins, thereby forming a gate cover over the gate up to the fin height; and

increasing the fin thickness while the gate is isolated from the set of fins by the gate cover.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
